

HDC-SETAC 2008 Annual Meeting Program

Time	Thursday May 8, 2008 - Presentations/Activities
8:00-8:30 am	<i>Registration /Breakfast and Poster Set-up</i>
	<u>Assessment of Risks in Small Tidal and Non-Tidal Watersheds - Session I</u>
8:30-9:00 am	<i>Assessing Contemporary Sediment Supplies From Headwater Basin Areas</i> Sean Smith, Geologist - Maryland Department of Natural Resources
9:00-9:30 am	<i>The Distribution, Residence Time, And Fate Of Hg And Sediment In Fine-Grained Channel Margin (FGCM) Deposits Within A Steep, Gradsavel-Bed River</i> Katie Skalak, PhD Candidate - University of Delaware
9:30-10:00 am	<i>Sediments In The Estuarine Environment: Uncertainty In Sources, Measurement, And Fate</i> Jeff Halka, Acting Director- Maryland Geological Survey
10:00-10:30 am	BREAK
	<u>Emerging Contaminants - Session II</u>
10:30-11:00 am	<i>Emerging Contaminants: Identification, Concern and Action</i> Roland Hemmett, Science Advisor -EPA-R2
11:00-11:30 am	<i>Reconnaissance Sampling for Emerging Contaminants in Pennsylvania</i> Andrew Reif, Water-Quality Biologist- USGS PA Water Science Center
11:30-12:00 am	<i>Fate and Effects of Endocrine Disrupting Agents in NY/NJ Harbor Estuary</i> Anne McElroy, Associate Professor School of Marine and Atmospheric Sciences -Stony Brook University
12:00-1:00 pm	LUNCH
1:00-1:20 pm	<i>Ecological Land Reuse at Contaminated Sites - Planning at the Landscape Scale</i> Damian V. Preziosi, John Sullivan and Deborah Rudrick Integral Consulting, Inc.
1:20-1:40 pm	<i>Evaluations of Biomagnification in Small Tidal Estuaries</i> Judi L. Durda, Damian V. Preziosi and Peter Jensen Integral Consulting, Inc.
1:40-2:10 pm	BREAK
2:10-2:30 pm	<i>Restoration in the Hackensack Meadowlands and its Potential Effect on Aquatic Biota</i> Celine Santago Bass -Great Eastern Ecology, Inc.
2:30-2:50 pm	<i>Risk-Based Remedy Selection Considerations for a Non-Tidal Watershed</i> P. Stephen Finn and Andrew P. Joslyn - Golder Associates, Inc.
2:50-3:10 pm	<i>Emerging Contaminants in the Tidal Delaware River: A Pilot Monitoring Survey</i> Ron MacGillivray - DRBC
3:10-3:30 pm	Presentation - TBA
4:00-6:00 pm	Poster Social and Student Judging
5:00-6:00 pm	Volleyball Classic
6:00-8:00 pm 8:00 pm	Social and Dinner Speaker: Paul Reale presenting "An Inconvenient Truth"

HDC-SETAC 2008 Annual Meeting Program

Time	Friday May 9, 2008 Presentations/Short Course/Activities
8:00-8:30 am	<i>Registration/Breakfast and Poster Set-up</i>
	<i>Short Courses</i>
8:30-11:30 am	<i>Nanomaterials: Use, Risk and Regulation</i> John Schupner and Laurie Gneiding AMEC
8:30-11:30 am	<i>A Fugacity-Based Model For the Fate and Transport of Emerging Contaminants</i> Dr. Darrel Lauren Environ Corp.
8:30-11:30 am	<i>Dammed Estuaries: Implications for Flow, Sediment Transport and Risk Analysis</i> Dr. Peter Brussock ELM, Inc
8:30-11:30 am	<i>Environmental Ethics</i> Dr. Judith Stark Seton Hall University
11:30-12:30	<i>Poster Session and Student Judging</i>
12:30-1:30 pm	<i>Lunch/Business Meeting/Student Awards</i>
	<i>Short Courses/Field Trip</i>
1:30- 4:30 pm	<i>Field Study on Urban Streams</i> (field course) Dr. Carolyn Bentivegna Seton Hall University
1:30- 4:30 pm	<i>Detection of Pharmaceuticals in Water</i> (laboratory course) Dr. Nicholas Snow Seton Hall University
4:30 pm	<i>Meeting Adjourn</i>
