

HDC-SETAC is an independent non-profit scientific and professional organization that is affiliated with the Society of Environmental Toxicology and Chemistry. HDC consists of the states of New Jersey and Delaware, southeastern New York and eastern Pennsylvania. The purpose of the organization is to promote research, education, training and development of the environmental sciences, specifically environmental toxicology and chemistry, hazard assessment and risk analysis. Its purpose is also to sponsor scientific and educational programs and provide a forum for communication among professionals in government, business, academia, and other segments of the environmental science community involved in the use, protection, and management of the environment and for the protection and welfare of the public. Go to www.hdcsetac.org for further information.

Registration may be sent via facsimile to (856) 384-1367
Credit Cards are not accepted

Hudson/Delaware Chapter of the Society of Environmental Toxicology and Chemistry

The following companies have generously committed to becoming Full or Associate Corporate Sponsors (as of the date of printing):

FULL CORPORATE SPONSORS

- AMEC Earth & Environmental, Inc.
- American Aquatic Testing, Inc.
- Aqua Survey, Inc.
- Entrix, Inc.
- ExxonMobil, Inc.
- Hydroqual, Inc.
- Lawler, Matusky & Skelly Engineers, LLP
- Merck & Company, Inc.
- Rohm and Haas Company
- Severn Trent Laboratories, Inc.

ASSOCIATE CORPORATE SPONSORS

- B-H Laboratories, Inc.
- EnSerV, Inc.
- Gannett Fleming, Inc.

Thank you very much!!!

TOTAL MAXIMUM DAILY LOADS

Hudson/Delaware Chapter of the Society of Environmental Toxicology and Chemistry

*Fall Workshop
September 13, 2002*

**9:00 am – 4:00 pm
Thomas Edison State College
Trenton, New Jersey**

HDC-SETAC invites you to a technical overview and discussion of TMDLs. The workshop will gather experts from the Chapter's region to present scientifically based TMDL issues, such as the development of effective loads, the process of implementing them, and case studies highlighting current regional projects. The workshop will conclude with a discussion of the difficulties and pitfalls that are sometimes faced in the TMDL process.

Special thanks to the NJ Department of Transportation for sponsoring this meeting.

8:30-9:00 am	Registration and Continental Breakfast
9:00-9:15 am	Introduction
9:15-9:45 am	Regulatory Background Mario DelVicario, USEPA Region II
9:45-10:15 am	The TMDL Process in NJ Sandra Cohen, NJDEP
10:15-10:30 am	Break
10:30-11:00 am	Use of Modeling in a TMDL Joseph DiLorenzo Najarian Associates
11:00-11:30 am	Biocriteria and Eutrophication Thomas Belton, NJDEP
11:30-1:00 pm	Catered Lunch Keynote Address Sediment Toxicity in NY Harbor, Do We Know the Cause? Joy McGrath, Hydroqual
1:00-1:30 pm	Non-Point Source Loadings in TMDLs Maureen Krudner, USEPA Region II
1:30- 2:00 pm	Air Deposition Data for TMDLs John Reinfelder, Ph.D., Rutgers
